

Hazardous urban waste

STACKS • Be collected separately in order to be safely treaded and recover the metals that make up them. It is therefore necessary to place in containers placed at supermarkets, tobaccos or at the municipal collection center (CCR).

DRUGS • Are hazardous waste that can not be recovered. For this it is necessary to collect separately and to convey them in the appropriate containers located at parapharmacies and pharmacies or at the municipal collection center (CCR) by removing cardboard boxes or any other recoverable material.

OTHER SERVICES • Pruning shears collection service

PRUNING FOLIAGE • Foliage and grass residue should be directly handed to by the users at the CCR during the public opening hours and times.

USED CLOTHING • Be used directly at the road collection points in the area.

AD PERSONAM SERVICE: Diapers and undifferentiated diapers can be picked up in a closed envelop every day upon agreement with the operators.

MUNICIPAL COLLECTION CENTER (CCR) • in the VARCO area

Different waste can also be delivered directly to the CCR.

The CCR is an area where citizens can bring special types of waste for free during the opening hours.

CCR is not a landfill and is not a waste treatment plant.

The wastes that citizens can bring to CCR are:

- Bulky and RAEE
- Lighting fixtures
- Used batteries and cellular batteries
- Expired drugs
- Car batteries
- Toner cartridges and printers
- Toner cartridges and printers
- Large multimaterial quantity
- Plastic or wood cassettes
- Pruning scraps (waste of garden, plants, flowers, grass)
- Vegetable oil (cooking food)

BULKY AND RAEE WHIT HOME WITHDRAWAL BY TELEPHONE
AT 0983/9402302 FROM MONDAY TO FRIDAY(9.00-12.00 A.M.)

NO RETREAT WILL BE MADE ON PUBLIC HOLIDAYS.
WITHDRAWAL SLIPS ON THE FIRST WORKING DAY.

THE DIFFERENT WASTE MUST BE DEPOSITED
FROM 9 P.M TO ORE 12 P.M OF THE PREVIOUS EVENING TO THE HARVESTING DAY

Comune di Cariati

Assessorato alle Politiche Ambientali

DOMESTIC UTILITIES

Rifiuti? l'alternativa c'è e parte da TE.
Differenziamo!

Dear fellow citizens, the Cariati municipal administration has decided to embark on a major and radical change in waste collection by setting up a "door to door" differentiated collection service.

Therefore, go away the roadblocks, allowing every user to take advantage of the home-away withdrawal of the various fractions of refusal. This collection method is the only one able to ensure from the earliest times the activation of certain results in terms of the percentage of separate collection and, moreover, the quality of the material to be recycled and recovered, reducing both the waste to be disposed of and the costs Of landfill, so as to reduce the regional tax so as to get in the near future a tax reduction (TARI) that only affects taxpayers.

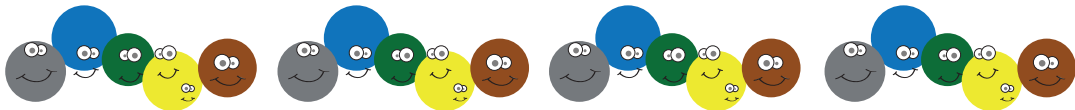

We are confident that the best results will only be achieved through the collaboration of all citizens. To this is added the protection of the environment in which we live. Proper selection and separation are the most effective and environmentally sustainable solution to the problem of urban waste disposal. Paper, plastic, aluminum and glass will no longer be landfilled but effectively recycled and will become a real resource.

We are convinced that, with some goodwill, the act of separating waste will become part of the natural daily act and will change the image of our Cariati from aesthetic point of view and urban decor. The goal is to improve the quality of life, also by protecting the environment in which we live. We are firmly determined to reach it, even by guaranteeing rewarding measures for those who are well-differentiated and sanctioning measures for those who fail and show that they do not care about the good of the country. We are sure we will succeed all together!

Cariati, novembre 2016

The Councilor for Environmental Policies
Dott. Sergio Salvati

Mayor
Avv. Filomena Greco
